EXAMPLE

The picture shows a family visiting their new baby at home. It's day light because the picture is really bright. The father must have brought his kid after work or school.

The whole family is around the new born baby. The boy is a little older than his sister. He's about four or five. He looks proud and not too excited to have a new sister.

The father has his arm around his wife. He looks proud as well. The mother is sitting next to the grandad. She looks happy but a little tired.

The baby is in the middle. I think it's a girl, because she is wearing pink clothes. The baby is sleeping despite all the noise and excitement around her.

I really like the photo because everybody looks happy.
